

**GE Services**  
Your  
ecosystem

## CONTINUITY

Thanks to GE's extensive focus on R&D, proactively manage technology obsolescence or easily extend your assets capabilities.

---

**Optimize asset lifecycle:** Protect your investment by keeping your assets current, proactively manage technology obsolescence and prepare for changing regulations.

**Expand your clinical capabilities** when upgrades become available.

**Simplify budgeting:** Benefit from predictable upgrade costs and leverage your contract as a financial vehicle.
